

ONSITE STANDING SEAM FORMING

EFFICIENCY YOU NEED. ACCURACY YOU TRUST.

PREMEX ONSITE ADVANTAGES

- **Trims First**
  Our innovative “trims first” system allows contractors to install with greater efficiency, and better accuracy.
- **Installation Support**
  We offer specialized rental tool kits and install guides to help you enter the standing seam roofing market with confidence.
- **Onsite Forming with Notching***
  No packaging is required, plus installers can communicate directly with the rollforming operator for maximum accuracy.
